

When call name I believe there is a mistake  
Patrick Oliver For Sheridan

Judge, I'm not here to argue, facts, laws, jurisdiction or venue.

I am here to accept and render the account. Judge does the record reflect that I have requested you to have the banks and their lawyer render the account so that I may offset here today in full

Judge I recognize compell performance  
however if you can show me a contract with my  
signature I will follow it to the letter of the law

Judge does the record reflect that the ignorance of  
Judge is the misfortune of the innocents

The only earthly contract I have is  
my creator
